POWDER 900g CAN

CHILD'S AGE	SUGGESTED SERVES PER DAY*	WATER (mL)	LEVEL SCOOPS OF POWDER
2+ years	1 - 2	200	4

Refer to can or pack for specific feeding guide and formulation information.

Follow 'How to Prepare' instructions on pack.

- *"Suggested Serves Per Day" is provided as a guide when your child's intake of energy and nutrients may not be adequate.
- Use only the enclosed scoop in the preparation of a drink.
- Discard any unfinished serves.

How to prepare S-26 GOLD JUNIOR powder (900g can)

Pour 200mL of water into a cup or shaker.

Add 4 scoops of S-26 GOLD JUNIOR powder.

Stir or shake until powder is dissolved and serve. Discard any unfinished feeds.

As a snack:

Blend with any fresh fruit, such as banana or strawberry, to make a yummy fruit smoothie.

Freeze blended smoothie to make a fruity iceblock.

Substitute regular cow's milk with S-26 GOLD JUNIOR when preparing cereals for breakfast or when baking treats for your child.
